Supervisor Lutzow opened the closed session meeting at 8:45p.m. in the upstairs board room to discuss litigation. A roll call vote was taken and the following individuals were present: Lutzow, Lukasik, Chapman, Shea, Victor, Lawrence and Kelly and two attorneys, Stacy Shelly and Troy Lunquist, representing the Township and Road District in Tax Objection cases 16 TX 30 and 17 TX 11. Mr. Lundquist stated the plaintiff's attorney, Tim Dwyer, demanded a response to the settlement proposal which was scheduled for answer by tomorrow in the amount of [REDACTED]. Lundquist recommended that the Road District and Township share the settlement costs proportionately. The board determined to accept the proposed settlement. Mr. Lundquist stated that he would need agreement from the Road District. He then left the closed session to call the Road District attorney Hanlon to discuss the proposed settlement. After speaking to Hanlon and Gasser, he returned to the closed session meeting and asked if the Township Attorney and Lutzow could speak with Gasser and Hanlon on the phone alone. The board did not support this. Lunquist explained that Gasser agreed to speak to Lutzow alone if the Township Attorney was not present. The board did not support this.

Lundquist stated he is close to withdrawing from the case because he does not feel comfortable with this anymore. He also says he is only the messenger. Mr. Lundquist advised he would go back and talk to Gasser and Hanlon and verify that they agreed for him to relay the message they proposed to the board.

Lundquist returned and Gasser/Hanlon gave him explicit permission to disclose their conversation. Lundquist then disclosed that Gasser and Hanlon would only agree to the settlement if the following three demands were met. 1. Go back into open session and approve all Road District bills. 2. Gasser's complete budget will be "restored", (or increased by \$100,000.00). 3. Board will agree to a settlement conference for pending litigations. The board discussed these demands and did not agree. Lawrence stated it would be unlawful for the Board to meet these demands and the Board rejected said demands. Shea reiterated that the offer the board made toward the settlement stands. Gasser and Hanlon are asking to obtain legislative action outside of the view of the public.

When Lundquist left the closed session meeting once again to relay the rejection by the board of Gasser and Hanlon's demands, Kelly stated that Gasser/Hanlon recommendation greatly exceeds the

scope of the financial terms of the case. Kelly continues to discuss [REDACTED]
